

## Name Shape Insect

Make the insect:

1. Fold a piece of colored construction paper in half the long ways.
2. Write your first or last name so that the bottom of your name is on the fold
3. Next, cut out the outline of your name. Do not cut along the fold line.
4. Open it up. Turn it over so that the pencil/pen/marker line doesn't show.
5. Add googly eyes, sequins, paint, puffy paint, what have you to add details!

Describe the insect:

6. Create a name for the insect.
7. Show the following graphic organizer:

8. Think of physical traits and behaviors.
9. Decide where the insect lives and what it eats as well as what kills and eats it.

Now to write!

1. Hook the reader with a question:  
*Have you ever heard of a \_\_\_\_\_?*
2. Name the insect and describe its appearance.
3. Describe its behaviors.
4. Write about where it lives and what it eats.
5. Write about its predators.
6. Write a conclusion that warns the reader.  
*So watch out for a \_\_\_\_\_ whenever you ....*

Writers can glue their insect to the back of their writing and place it in a plastic page protector.
