

THE NEVER-ENDING SYRUP SUNDAE

Art Accent

Here are the steps!

1. Draw the base of the bowl. Color it in with marker.

2. Cut out 3-5 buttons using construction paper and glue them to the base. Label the buttons.

3. Draw the bowl on the left and right side and color it in.

4. Draw the ice cream.

5. Draw the syrup and color it in.

6. Use a glue dot to stick the pipe cleaner to the base of the bowl on each side. Bend the top of the pipe cleaner on both sides so that it squirts onto the ice cream. Use a glue dot to stick down the top of the pipe cleaner where it bends.
